Subject: Tri-County PFOA Results
Attachments: Feb 2020 PFOA Results Tri-County.pdf

Hi Beth and Jeff,

I am attaching the PFOA results from the Chemours sampling of Tri-County. The highest result was one well with a concentration of 19 ppt.

Also, I believe you have suspended the PFAS sampling program in your State because of COVID-19, right? I heard Amy say that on a call in March and I wanted to make sure that is still the case.

Thank you,
Jenny
